La Antigua Guatemala

Listing ID: 00100775203

Located within the cobblestone streets of Antigua Guatemala, within walking distance of the entire historic center of Antigua Guatemala, this is a home specifically designed for enjoying permanent living or vacationing, depending on your goals. The house was designed by architect Américo Gracca, who in his time built many high-quality structures in Antigua Guatemala, preserving the Colonial style with contemporary details that maintain good taste and functionality in harmony throughout its spaces. The house is delivered fully furnished. On the first level, there is a central courtyard, or cloister due to its design, with corridors and a Spanish-style terrace providing access to all the main social areas of the house. It offers ample space to furnish these areas and enjoy the pleasant climate that Antigua offers year-round. This space features a functional fountain, creati...
